Validated by OTP.

Sender Documents :

The screenshot shows a web-based application titled "Track Your Transport". On the left, there's a summary table with columns for "File Number", "Status", and "Delivery Condition". The table includes rows for "Total File 40", "Total File 30", "Delivery Condition 100% OK", and "Delivery Condition 100% OK". The "Delivery Condition" row is highlighted with a red oval. On the right, there's a detailed log or history section with several entries, each containing a timestamp, file number, and status message. One entry in the log is circled with a red oval.

The screenshot shows the same "Track Your Transport" application interface. The left panel is identical to the sender document view. The right panel, which was previously filled with a log of events, now displays a large amount of illegible text, likely representing the contents of uploaded documents. A red oval highlights a specific area within this text block.
